CULTURAL CLASHES: SOCIAL CONSTRUCTION & CULTURAL ECOLOGY

To Purchase Tickets -- <https://secure.taosinstitute.com/Poland-Conference>

"We are particularly concerned with issues of cultural diversity, immigration flows, and the challenge of conflicting realities and values now confronting the world. Our hope is not only to illuminate the genesis and power of social realities, their potentials for generating conflict, but as well, insights into future potentials for moving toward a viable ecology of people and cultures." - Kenneth J. Gergen
